REGULATIONS FOR FCI DOG SHOWS

NB: Terms referring to natural persons are applicable to both genders and numbers

These regulations supplement the Standing Orders of the FCI only in respect of those dog shows in which a "Certificat d'Aptitude au Championnat International de Beauté de la FCI" (FCI-CACIB), award for the title "International Beauty Champion", can be awarded. For these events a fee is charged by the FCI for every dog appearing in the catalogue, the amount of which is to be determined by the General Assembly of the FCI. This fee is due, on receipt of the catalogues and the FCI-CACIB/FCI-Res-CACIB lists of the show in question. This fee must be paid even if no FCI-CACIB awards are granted.

1 BASICS

The FCI members, full and associated, must organise a minimum of 2 (two) FCI-CACIB show a year as per Art. 8.3 k) and 9.3.l) of the FCI Statutes. The members are solely responsible for determining in which dog shows the competitions for the FCI-CACIB can be held. It is the task of the FCI Head Office to draw up and publish FCI-CACIB show schedules. The shows, which have been sanctioned by the FCI, must be indicated and designated as follows: "International Dog Show with attribution of the FCI-CACIB". An online catalogue with information about the judging schedule, the breeds, names and owners of the dogs entered can only be published on the day of the show, and never earlier than two hours before the official opening of the first day of the show. In case a program of the show is published on the web before the event, it cannot include neither the names of the dogs entered nor personal information about their owners. The catalogue of these shows must be clearly marked with the FCI-logo and the following expression: "Fédération Cynologique Internationale (FCI)".

2 APPLICATIONS

Applications to get an FCI-CACIB International Dog Show sanctioned by the FCI must be sent to the FCI Head Office latest 12 months before the show or earliest four calendar years before the show. This timeframe can be altered in justified cases accepted by the FCI Head Office.

3 RESTRICTIONS

Only one FCI-CACIB can be awarded in each sex, in every breed and breed variety - in accordance with the FCI Breed Nomenclature- on the same day and at the same place. No other FCI-CACIB show can be held the same days as an FCI World or Section show takes place on that particular continent. Exceptional cases will be dealt with by the General Committee. If a show has to be cancelled because of force majeure, the organiser is recommended to partly refund the entry fees that have been paid, based on its own existing rules.

The FCI will only authorize FCI-CACIB shows to be held on

the same day provided that these events are held at a distance of at least 300 km. In case this distance is less than 300 km, the approval can be given provided that the organiser who first submitted an application gives his consent to the second applicant. In this case, appropriate dividing up of the FCI groups according to the FCI Breed Nomenclature, taking the show venues and days into consideration, is recommended. At FCI-CACIB shows a breed must be judged, if possible, in one single day and the breeds of the same FCI group should also be judged in one day. However, it is possible to divide the groups over two days if needed for organisational reasons. The decision regarding sanctioning FCI-CACIB shows is the responsibility of the Executive Director of the FCI.

4 SPECIAL REQUIREMENTS / ADMISSION OF DOGS

The dogs' welfare and health must be of UTMOST PRIORITY at all dog shows.

The organisers are requested to add the following message in the show catalogue, giving it sufficient visibility: The exhibitors are responsible for the welfare of the dogs at a FCI international dog show. It is forbidden to expose a dog to a situation that can be dangerous for its health and welfare, such as for example leaving it in the car in excessively hot or cold weather and/or treating it in a cruel manner. Violation of this ruling will result in exclusion from the ongoing and future dog shows.

The organisers must ensure that the only breeds that will be shown are those for which breed standards have been definitively or provisionally accepted by the FCI and which are registered with the studbook or with the appendix to the studbook (waiting list) of an FCI member country. The same will apply to a non-FCI member country whose studbook is, however, recognized by the FCI. Breeds that are not yet recognized (neither definitively nor provisionally) by the FCI, must be recognized at a national level and have pedigrees issued by a national kennel club that is a member or a contract partner of the FCI. These breeds cannot be incorporated in any group (they have to appear in a special section of the catalogue called "breeds not recognized by the FCI") and they are not eligible for the FCI-CACIB and for the various FCI titles. In addition, they cannot compete in the Best in Group finals. The normal FCI fee has to be paid also for each dog of these breeds.

At all shows in which the FCI-CACIB of the FCI is awarded, the division into groups must be in accordance with the current FCI Breed Nomenclature. In case this ruling would not be observed, the FCI reserves the right to refuse future authorizations to award the FCI-CACIB at international shows.

These groups are as follows:

Group 1 Sheepdogs and Cattle- Dogs (except Swiss Cattle Dogs)

Group 2 Pinschers and Schnauzers – Molosoid Breeds - Swiss Mountain and Cattle Dogs

Group 3 Terriers

Group 4 Dachshunds

Group 5 Spitz and Primitive Types

Group 6 Scenthounds and related breeds

Group 7 Pointing dogs

Group 8 Retrievers – flushing dogs – water dogs

Group 9 Companion and toy dogs

Group 10 Sighthounds

At all FCI-CACIB shows with few entries the organisers are

allowed to have different groups judged together in the ring of honour for "Best in Group" competitions; however this does not apply to FCI World and Section Shows.

At all shows, in addition to the designation of the breed in the relevant language of the organizing country, the schedule and the catalogue should also include the country of origin of the breed and should be in one of the four FCI working languages.

Dogs and bitches must be entered separately. Numbering must start at no.1 and shall not be interrupted through the catalogue. Within the same breed, the numbering cannot be interrupted.

The confirmed titles of International and National Champion and the official titles obtained at FCI World and Section Shows (FCI World Winner, FCI World Junior Winner, FCI World Veteran Winner, FCI Section Winner, FCI Section Junior Winner, FCI Section Veteran Winner) can be published in the catalogue. The publication of other titles in the catalogue is left to the discretion of the country organizing the show.

Sick (temporarily ill or suffering from a contagious illness) dogs and bitches which are lactating or which are accompanied by their puppies must be excluded from any dog show. Bitches on heat are allowed to participate subject to the show regulations of the organisers. Blind or deaf dogs are not allowed to take part in FCI-CACIB shows. However, should this ruling not be observed and a judge discovers that a dog is deaf or blind, he has to send the dog out of the ring.

Dogs which are not in the catalogue cannot be judged unless mistakes occur for which the organizing committee is responsible (problem in the printing process of the catalogue, etc.).

The entry forms must have been completely filled in and returned to the organisers before the entry deadline and the entry fees must be duly recorded and paid.

Dogs with docked tails or cropped ears are to be admitted in accordance with the legal regulations of their home countries and those of the country where the show takes place. The judging of docked and undocked or cropped and uncropped dogs must be done without any discrimination and solely in accordance with the valid breed standard. The organizing country's regulations concerning showing docked or cropped dogs should be stated in the show schedule or on the entry forms as well as in the show regulations.

It is forbidden to prepare a dog with any substance that will alter the structure, colour or form of the coat, skin or nose. Only trimming, clipping, combing and brushing are allowed. It is also forbidden to leave the dog tied up on the trimming table, longer than necessary for the preparation.

Micro-chips (ISO-standard) and tattoos are accepted equally as identification. The organizing committee reserves the right not to accept the participation of an exhibitor at the show.

5 CLASSES

Double entries as well as late entries (after the closing date) are not permitted.

Additional international or national shows or competitions organised by clubs from the same FCI-NCO as the club organizing the FCI-CACIB show, are permitted within the same showground, when accepted by the FCI-CACIB show organiser.

The decisive date for age is the day the dog is shown. In case the dog's birthday is on the day it is shown, the exhibitor can choose the class (before closing date) where to enter his dog. In case of consecutive shows held in one place over several

days, the exhibitor must enter his dog in the appropriate class (before closing date).

Only the following classes are recognized at FCI-CACIB shows sanctioned by the FCI:

a. Classes in which the FCI-CACIB can be awarded:

- Intermediate class (from 15 to 24 months) compulsory
- Open Class (15 months and over) compulsory
- Working Class (15 months and over) compulsory
- Champion Class (15 months and over) compulsory

Working Class
To enter a dog in working class, the entry form must be accompanied by a copy of the FCI compulsory certificate, WCC (Working Class Certificate) (annexes 1a) and 1b)), containing the confirmation by the member country in which the holder and/or owner has his legal residence, that the dog has passed an appropriate test as well as details about this test.

The only breeds eligible for the working class are those appearing as working breeds in the FCI Breed Nomenclature, taking into account the exceptions granted to some countries for some breeds.

Champion Class

To enter a dog in Champion Class, one of the following titles must have been confirmed by the day of the official closing date of entries; proof of this, by copy, must be enclosed with the entry form.

International Beauty Champion of the FCI (CIB)

International Show Champion of the FCI (CIE)

National Beauty Champion of an FCI member or contract partner (with at least 2 CAC – as per Art.23.2 of the FCI Standing Orders - awarded by FCI recognised judges)

National Show Champion of an FCI country

National Beauty Champion of a non-FCI country which has signed a letter of understanding with FCI

National Show Champion of a non-FCI country which has signed a letter of understanding with FCI

Once the entries for a show have closed it is not allowed to transfer a dog from one class to another except if an administrative mistake was made by the Show Committee.

b. Classes in which the FCI-CACIB cannot be awarded:

- Minor Puppy Class (correctly inoculated puppies up to 6 months) optional
- Puppy Class (from 6 to 9 months) optional
- Junior Class (from 9 to 18 months) compulsory
- Veteran Class (from 8 years and over) compulsory

c. Sequence of judging

The recommended sequence of judging the classes is: Minor Puppy, Puppy, Junior, intermediate, Open, Working, Champion and Veteran.

d. Optional Best of Sex competition

Must include at least the best junior, the FCI-CACIB winner and the best veteran. The judge places the exhibits in order of quality without taking into consideration which classes they come from.

e. Optional Collective Groups/Competitions

To compete in these groups/competitions, the dogs must be entered individually in one of the compulsory classes.

- Brace/Couple Group/Competition: a dog and a bitch of the same breed and variety and belonging to the same owner.

- Breeders Group/Competition: consisting of minimum three and maximum five exhibits of the same breed and variety, no matter what gender, bred by the same person (same kennel

name), even if they are not his property.

- Progeny Group/Competition: a sire or dam with minimum three and maximum five of his/her progeny (first generation, sons/daughters).

These optional groups/competitions should preferably be judged in the breed-judging rings. The breed judge picks up the best group and only that group is allowed to compete in the ring of honour.

6 QUALIFICATIONS AND PLACINGS

The qualifications given by the judges must correspond to the following definitions:

EXCELLENT may only be awarded to a dog which comes very close to the ideal standard of the breed, which is presented in excellent condition, displays a harmonious, well-balanced temperament, is of high class and has excellent posture. Its superior characteristics in respect of its breed permit that minor imperfections can be ignored; it must however have the typical features of its sex.

VERY GOOD may only be awarded to a dog that possesses the typical features of its breed, which has well-balanced proportions and is in correct condition. A few minor faults may be tolerated. This award can only be granted to a dog that shows class.

GOOD is to be awarded to a dog that possesses the main features of its breed. The good points should outweigh the faults so that the dog can be considered a good representative of its breed.

SUFFICIENT should be awarded to a dog which corresponds adequately to its breed, without possessing the generally accepted characteristics or whose physical condition leaves a lot to be desired.

DISQUALIFIED must be awarded to a dog which does not correspond to the type required by the breed standard; which shows a behaviour clearly not in line with its standard or which behaves aggressively; which has testicular abnormalities; which has a jaw anomaly; which shows a colour or coat structure that is not according to the breed standard or clearly shows signs of albinism. This qualification shall also be awarded to dogs that correspond so little to a single feature of the breed that their health is threatened. It should furthermore be awarded to dogs that show disqualifying faults in regard to the breed standard. The reason why the dog was rated DISQUALIFIED has to be stated in the judge's report.

Dogs that cannot be awarded one of the above qualifications shall be released from the ring with the rating:

CANNOT BE JUDGED. This rating is to be given to any dog which does not move, which is lame, which constantly jumps up and down on its handler or tries to get out of the ring, which makes it impossible to assess the gait and the movement or avoids constantly to be examined by the judge and makes it impossible to inspect teeth, anatomy and structure, tail or testicles. This rating is also to be given if traces of operations or treatment can be observed which seem to indicate that the exhibitor wanted to deceive the judge. The same applies if the judge has ample reason to suspect operations that were intended to correct the original condition or feature (e.g.: eyelid, ear or tail). This rating is also to be given in case of "double handling" (i.e. attracting the dog's attention from outside the ring) - which is strictly prohibited. The reason why the dog was rated CANNOT BE JUDGED has to be stated in the judge's report.

The four best dogs in each class are placed provided that

they have been awarded at least the qualification "VERY GOOD".

7 TITLES, AWARDS AND MAIN RING COMPETITIONS
FCI-CACIB – Certificat d'Aptitude au Championnat International de Beauté de la FCI

The only dogs which can be taken into consideration for the FCI-CACIB are those which have been awarded "EXCELLENT 1" in intermediate, open, working and champion class. An FCI-CACIB can only be awarded if the dog in question has been assessed as being of superior quality. The FCI-CACIB is not automatically and compulsorily linked to the "EXCELLENT 1"

The Reserve FCI-CACIB is awarded to the second best dog which was given the qualification "EXCELLENT" from the above mentioned classes. The dog placed second in the class where the FCI-CACIB winner comes from can compete for the Reserve FCI-CACIB, if awarded excellent. It is not compulsory to award the FCI-Reserve-CACIB.

The judge awards FCI-CACIB and FCI-Reserve-CACIB according to the quality of the dogs without checking whether they meet the conditions regarding age and/or registration with a studbook recognized by the FCI.

The CAC (Certificat d'Aptitude au Championnat) is a national grading. It is up to the national canine organisations to decide in which classes and to which dogs this certificate can be awarded. The CAC counts towards a national champion title as per Art.23.2 of the FCI Standing Orders and provided it is awarded by an FCI recognised judge.

The first title of national champion earned in an FCI member or contract partner country must be with at least 2 CACs as per Art. 23.2 of the FCI Standing Orders and awarded by FCI recognised judges on two different days.

Only one judge for each sex and breed carries out the granting of all awards, including FCI-CACIB, and this judge shall be appointed in advance.

Best of Breed (BOB) and Best of Opposite Sex (BOS)

The Best junior, FCI-CACIB winner and best veteran from both sexes, if awarded excellent, will compete for Best of Breed (BOB). The judge must also choose the best exhibit from the opposite sex (BOS) next to the BOB winner.

Optional (in case an optional Best of Sex competition is held): the best male and the best bitch from Best of Sex competition compete for Best of Breed (BOB) and Best of Opposite Sex (BOS).

Dogs of FCI breeds which are not yet definitively recognized (have a provisional status), although not eligible for the FCI-CACIB, are allowed to compete for the Best of Breed, Best in Group and Best in Show competitions. These breeds can also compete for the various FCI titles.

Main ring competitions

Best in Show, Best in Group, Breeders' Group, Progeny Group, Couple Class (Brace), Best Veteran, Best Junior, Best Puppy, Best Minor Puppy and Junior Handling must be judged by one judge appointed in advance.

Each NCO is entitled to hold separate competitions in the main ring for their native or nationally recognised breeds, no matter if they are recognised by the FCI or not.

To make the competitions in the ring of honour more efficient the judge should prejudge the exhibits or groups in a separate ring in due time before they are expected in the ring of honour so that the judge after watching the dogs enter the main ring can quickly choose the semifinalists or finalists that will need a

closer look.

The only judges who may judge these competitions are those who are allowed to do so by their respective national canine organization.

If a dog behaves aggressively in the ring (breed-group-finals) and its behaviour is eyewitnessed by the judge in duty, the latter has to write a report for the attention of the organizing committee and has to disqualify the dog for the rest of the competition. All the awards and titles of the day are cancelled.

8 CONFIRMATION OF THE FCI-CACIB

The FCI-CACIB proposals will be issued by the appropriate judges. The final confirmation will be done by the FCI. It is up to the FCI Head Office to check whether the dogs proposed comply with the conditions accepted for confirmation of the FCI-CACIB. The cards handed to the exhibitors at the shows duly indicate that the relevant dog has been proposed for an FCI-CACIB. They must read: "Subject to confirmation by the FCI".

The FCI Head Office must make sure that the FCI-CACIB was correctly awarded. Latest three months after the show, one copy of the catalogue and the lists of the dogs proposed for the FCI-CACIB and the FCI-Reserve-CACIB must be forwarded to the FCI Head Office by the show organiser. These lists must contain the following information: Catalogue number, name of the dog, studbook and studbook number, sex, breed and variety, date of birth, name of the owner, name of the judge and class in which the FCI-CACIB was awarded. The breeds will be listed according to their name in one of the four FCI working languages followed by the name normally used in the country in which the show takes place. If a dog is not included in the FCI-CACIB list (if for example the organisers failed to mention it), the proposal card can be accepted as proof provided that no other dog of the same breed and sex already appears on the list.

9 JUDGES

Only the officiating judge is authorized to make decisions regarding the awarding of qualifications, placing and FCI-CACIB. In this respect, he is obliged to do so without outside help and/or interference by anybody else. Only judges who are authorized by their national organization to judge said breeds may carry out judging and evaluation of dogs. While on assignment, they are obliged to judge strictly and exclusively in accordance with the FCI breed standard that is currently valid. Judges from countries that are not members of the FCI can only officiate at FCI shows if the national organization to which they belong is related to the FCI by contractual arrangement or gentleman's agreement. These judges can officiate at FCI shows provided that their name is included in the official list of their national canine association.

The following also applies:

a. If invited to judge at an FCI show, all judges from countries that are not members of the FCI must fill in the standardized questionnaire issued by the FCI. It shall be sent to them in due time and must be returned signed for approval.

b. It is up to the national organization of the country where a judge from a non-member country of the FCI is scheduled to judge to check the validity of the information contained in the questionnaire.

c. All the judges, including those from countries that are not members of the FCI, must under all circumstances follow the FCI breed standards when they are officiating at shows which have been sanctioned by the FCI. The FCI standards for the

breeds which will be judged by judges who do not come from FCI members must be sent to them in due time before the event, by the organiser who has invited them. The rules regarding the general duties of a show judge, his travel and insurance arrangements and his behaviour mentioned in the FCI Show Judges Regulations (Art.9 to 11) also concern the judges from non FCI member countries. They have to follow them.

d. Judges from non-FCI member countries are only licensed to judge the breeds recognized by their national canine organizations when officiating at FCI shows even if they are listed as all-breed judges in their own NCO.

e. Judges from countries that are not members of the FCI must be fully informed in advance and in detail about the FCI show regulations, as well as other important procedural matters and regulations. It is the responsibility of the show organiser of the country where the show is held to provide these judges with the necessary information.

10 DUTIES OF THE SHOW ORGANISATION COMMITTEE

The show organization committees should have knowledge of the contents of the FCI Regulations for Show Judges and Regulations for FCI Dog Shows and should respect these regulations. The FCI cannot be held responsible for any incident happening in the frame of an FCI international dog show. Liability insurance must be provided by the show organization.

INVITING JUDGES

a. The organisers of shows must send a written invitation to the judge. The judge is obliged to advise the organisers, in writing, about his accepting or refusing the invitation. He should always carry out his obligations to act as a judge unless prevented for an important reason.

b. If the judge is unable to meet his obligations for any important reason, the organiser of the show must be informed immediately by telephone, fax or e-mail. The cancellation must be confirmed by letter.

c. Equally, the organiser of a show is also bound to keep to his invitation. Cancellation is only permitted for reasons of force majeure or by mutual agreement with the judge.

d. Should the organisers of a show be forced to cancel the event, or the judging appointment of a particular judge, they are obliged to refund to the judge the costs that have already been incurred. If a judge, for any reason other than "force majeure", is not able to meet his obligations to officiate as a judge, he is obliged to pay for any extra costs that may have already been incurred.

e. The judges should sign up a travel insurance contract (flight cancellation, accidents etc.) whenever they are invited to judge abroad.

f. If judges are asked to judge breeds that are recognized at a national level only, they must be allowed to do so, following the NCO's judge regulations and must be provided with the breed standard by the show organiser in due time before the show.

g. At all International FCI Shows at least 2/3 of the invited judges in the panel (breed judges – group judges – all breed judges) have to be judges approved by a FCI-NCO. If the organiser only needs two judges, both should be approved by their FCI-NCO.

h. FCI breed judges from full FCI members, will need confirmation - prior to the event - from their NCO to judge breed(s) and/or final competitions in the ring of honour abroad

unless the NCO of the country where they have their legal residence have their judges listed in the FCI Judges Directory (without any restriction being published in the Directory about those judges). FCI group judges from full FCI-NO are allowed to judge, without any official authorization from their NCO (unless the NCO specifically asks for it), all the breeds of the groups for which they are qualified as well as Best in Group for the groups for which they are qualified. They can judge the Best in Show competitions provided that the NCO and the inviting country approve it and they are approved as FCI Group Judges for at least two of the FCI groups.

i. FCI all breed international judges from full FCI members are allowed to judge without any authorization from their national canine organization NCO (unless the NCO specifically asks for it), any breed, any competition, including Best in Group and Best in Show.

j. FCI national all breed judges from full FCI members with less than 100 registered breeds are only allowed to judge the breeds recognized by their NCO. They must have the authorization from their NCO unless they are registered in the FCI Judges Directory.

k. The country that must appear on the show programme is the country where the judge's FCI license is registered.

BREED ASSIGNMENT

A judge must be informed not later than 3 days before the event about what breeds and numbers of dogs he is scheduled to judge, as well as his duties in the ring of honour. It is the responsibility of the show organiser to send this information in advance and in writing to the judge. A judge should not be expected to judge more than approximately 20 dogs per hour and up to 80 dogs per day if the national organization requests an individual written report for each dog. He should not have to judge more than 150 dogs per day if such a written report is not required. In cases of force majeure, for instance last minutes cancellations of judges because of illness, weather conditions, etc., these figures can be extended to 100 and 200 with or without written report. In these situations, there must be a mutual agreement between the organiser and the judge who should be provided with very experienced ring stewards and assistants. If a judge is asked to judge more than 100 dogs the judging should be done without a written report.

RIGHTS OF THE JUDGES

Judges' rights when travelling to FCI International Shows outside the country of residence are as follows:

a. The show organization or the inviting club must look after the judge, according to previous agreement, from the time of his arrival in the country where he is judging until the time of his departure; this normally includes the day before and the day after the show where he is officiating as a judge.

b. A judge has to be provided with reasonable accommodation during his appointment, which may also include the night before and the night after the show, according to the judge's travel arrangements.

c. Judges are free to make private arrangements with show organisers, which may differ from those stated in the "Appendix to the Dog Shows and Show Judges Regulations of the Fédération Cynologique Internationale". However, when such personal arrangements have not been made, judges must be provided with the benefits mentioned in the appendix.

d. It is advisable that financial arrangements be laid out in advance in the form of a written contract or agreement

between the judge and the show organiser; it has to be honoured by both parties.

RING MANAGEMENT AND ASSISTANTS

Toy breeds and some other small breeds have to be examined on a table provided by the organisers. The judge is in charge of the ring. When organizational problems occur, the chief ring steward has to be consulted and decisions are made in agreement with the judge. For organizational support, one ring steward and one writer should be made available to the judge. The above assistants and the chief ring steward have to speak one of the FCI working languages, as requested by the judge. The stewards and writers must be provided by the organiser of the show. The ring stewards must have a good knowledge of the Regulations for FCI Dog Shows as well as the national show regulations of the country where the show is held. The FCI NCO should organise special education and an authorization system for ring stewards and assistants.

The steward and the writer should provide the following service to the judge:

- collect the classes;
- check the absentees in each class;
- notify the judge of any change of handler or any irregular entry;
- in priority write the judge's critique, when required, in the language chosen by the latter (and communicated to the show organiser in advance) so that the judge will understand what is written. If necessary, translation of reports should be done outside the ring in a special translation area.
- organise all the necessary paperwork and distribution of awards;
- follow all the judge's instructions.

11 RESTRICTIONS FOR JUDGES AT SHOWS

- A judge should never be late for his judging appointments or leave the show ground before he has completely fulfilled the duties that were assigned to him. - A judge should not criticise the work of another judge. - Under no circumstances can a judge solicit appointments to judge. - A judge is not permitted to consult the catalogue of the show before or during his judging. - In the ring a judge must behave properly and examine all dogs indiscriminately. He should be soberly and properly dressed, in accordance with the duty to be fulfilled, and should always be correct and urbane. - A judge cannot smoke in the ring. - A judge cannot drink alcohol in the ring. - A judge cannot use a mobile phone in the ring while judging. - A judge can neither enter nor handle a dog at a show where he is officiating as a judge. - A partner, any member of his immediate family or person living with the judge in his household can enter and handle any dog of any breed that this judge is not judging on that day of the show. - The dogs that a judge handles at a FCI-CACIB show where he is not acting as a judge must be either bred, owned or co-owned by him, by a partner, by a member of his immediate family or any person living with him in his household. - A judge cannot judge any dog that he, a partner, a member of his immediate family or any person living with him in his household has either owned, co-owned, conditioned, kept at home or sold in the six months preceding the show where he is officiating. - A judge is not allowed to travel to shows where he is judging with exhibitors who are showing under him at those events. - Under no circumstances should a judge socialise or stay with the exhibitors who will be showing under him. He can do so only AFTER his judging appointment is completed.

12 COMPLAINTS

Any decision made by a judge regarding the qualifications, awards and placing is final and indisputable. However, complaints about the organization of the show and about the procedure followed to give the qualifications, awards and placements are admissible and have to be made immediately in writing to the organiser of the show, followed by the immediate deposit of twice the entry fee, as surety. They must be recorded by the show secretariat. If the complaint is found to be unjustified, the surety will be kept by the organiser. If the complaint is found to be justified, the money will be refunded to the complainant.

13 PENALTIES

Infringements against these regulations can be punished with disciplinary measures. The FCI can prevent the organiser concerned from awarding the FCI-CACIB at its international

events for one or more years. Such a decision is taken by the FCI General Committee after an oral or written hearing of the organiser concerned has been conducted. Any appeal against the penalty imposed by the FCI General Committee shall be decided upon by the General Assembly of the FCI as a final instance.

14 ENFORCEMENT DISPOSITIONS

Each organiser of an FCI-CACIB show has to follow the regulations and laws of the relevant country. Under specific complaints, the FCI General Committee can interfere and take final decisions (including cancellation of an FCI-CACIB) in case these regulations are not observed by the exhibitors, by the FCI judges and/or the show organisers. These decisions should help maintain the credibility of the FCI international shows and make sure that these regulations are observed.

SPRING 2025

Schedule

29.04.2025

RING 1

Hakobyan, Hrachik

09:30	Տաքսա ճագարային կոշտամազ / Dachshund kaninchen wire-haired (2)
